

Dear Colleague,

starting from Nov 15, 2022 paper submission will be open for the 27th ECSAS 2023. ECSAS invites authors to submit their abstracts for consideration and inclusion in the scientific program.

We would like to take the opportunity and provide you with some updates and information before the submission deadline on January 15, 2023 (midnight CET).

All paper proposals must be made via the online form on the ECSAS website <https://ecsas2023turin.eu/> at the page 'Paper Submission'. This also refers to paper presentations by panel convenors.

There will be the possibility to access into the platform to make changes to the submitted papers but no chance to check the status online (reviewed/accepted/rejected). Please ignore the box on the right in the opening page of the online system.

Please keep in mind that all paper submitters including possible co-presenters must be members of the EASAS by the time the paper submission window closes (you can join here: <https://www.easas.eu/become-a-member>).

It is possible for one person to submit up to three paper proposals, but we would like to remind you, that we have a limit of one presentation per person, therefore if they are accepted in more than one panel they will have to choose only one.

All papers must be submitted in English. The title should not exceed 150 characters. Each abstract should not exceed 1500 characters. The content must be original and not presented previously.

Each participant can chair one panel, or be a discussant in one panel.

Do not hesitate to contact the Organizing Secretariat at [info@ecsas2023turin.eu](mailto:info@ecsas2023turin.eu) if you have any further questions.

We are looking forward to seeing you in Turin,  
Alessandra Consolaro CONVENOR  
Tommaso Bobbio CO-CONVENOR  
and the ECSAS2023 Conference Team
